

# Atlas*lite*

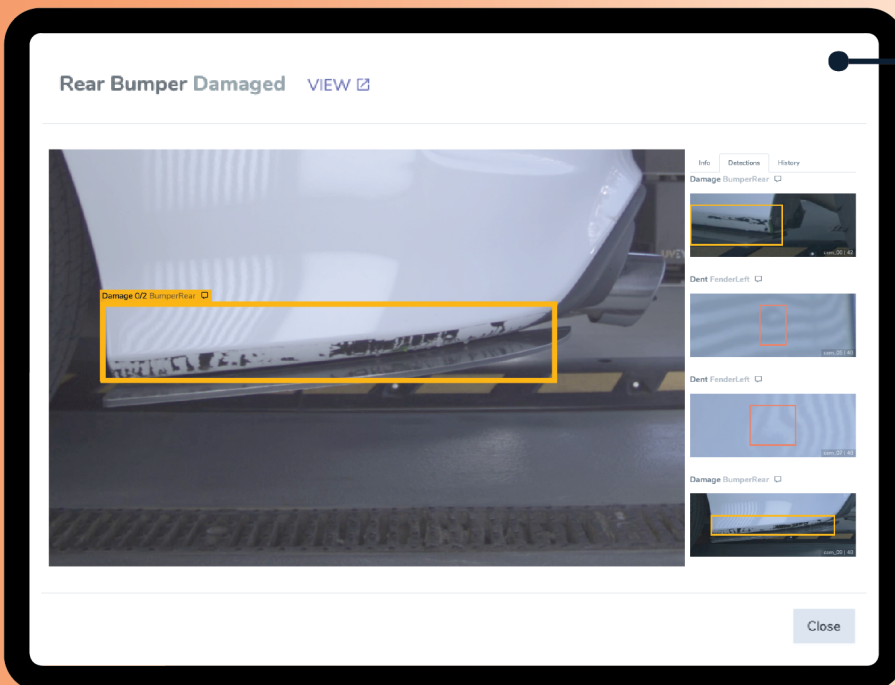

## UVeye's automatic 360° exterior body inspection system.

- Photographs **every inch** of the body of a vehicle in **seconds**
- Machine learning **detects any damages** to the body panels, headlights, and glass
- Captures high quality **merchandising photos** for use in sales

Machine learning detects anything from:

- **Bumper Damage**
- **Broken Windows**
- **Chipped Glass**
- **Paint Chips**
- **Body Panel Dents**
- **Cracked Lights**
